ANNUAL REPORT

2020-2021

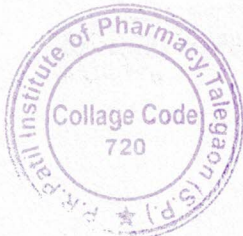

Women Grievance Redressal Committee

The women's grievance cell is functioning to deal with problems and difficulties faced by women's and girls' students and to inculcate a sense of security on the campus. The guidelines regarding it are displayed on the college website, and the committee tried to implement them, which has been helpful for employees and students. So that our college formed the women anti-sexual harassment cell for college girls students and women staff of the college.

The Women Grievance and Redressal Committee is pleased to report that no complaints were received during the academic year 2020-2021, despite the challenges posed by the COVID-19 pandemic. The committee remained active and vigilant throughout the pandemic, holding regular online meetings to discuss potential issues and concerns. Our achievements include the successful implementation of virtual support systems, conducting webinars and awareness programs on women's safety and well-being.
